SUBJECT INDEX*

A

Abdomen
Correlation of immunologic and nutritional status with infectious complications after major abdominal trauma (O'Gorman et al). 1986; **99**:549-56
The eleventh rib transcostal incision: An extrapleural, transperitoneal approach to the upper abdomen (Raynor and DelGuercio). 1986; **99**:95-101 (Surg. tech.)
The septic abdomen: Open management with Marlex mesh with a zipper (Hedderich et al). 1986; **99**:399-408
Urodynamic investigation predicts bladder dysfunction at an early stage after abdominoperineal resection of the rectum for cancer (Aagaard et al). 1986; **99**:564-8

Abdominal aorta
Spontaneous abdominal aortic rupture from erosion by a lumbar spine fixation device: A case report (Jenrisak). 1986; **99**:631-3 (Brief clin. rep.)

Abscess
Successful management of hepatic abscesses by percutaneous catheter drainage in chronic granulomatous disease (Skibber et al). 1986; **99**:626-30 (Brief clin. rep.)

Absorption
Selective impairment of nutrient absorption from intestines with chronic venous hypertension (Sarfeh et al). 1986; **99**:166-9

Access device
Bacterial colonization of Hemasite access devices (Reed et al). 1986; **99**:308-17

Acid
Evaluation of (1-sarcosine, 8-isoleucine) angiotensin II as a therapeutic agent for oleic acid-induced pulmonary edema (Yukioka et al). 1986; **99**:235-44
Gastric acid secretion and gut hormone release in patients undergoing pancreaticoduodenectomy (Sato et al). 1986; **99**:728-34

Adrenal gland
Myelolipoma of the adrenal gland: Report of two cases with a review of the literature (Del Gaudio and Solidoro). 1986; **99**:293-301

Age
Limb salvage in octogenarians and nonagenarians (Scher et al). 1986; **99**:160-5
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8

Agenesis
Agenesis of the gallbladder: Case report and familial investigation (Wilson and Deitrick). 1986; **99**:106-9 (Brief clin. rep.)

Alcohol
Methylxanthine, alcohol-free diet and fibrocystic breast disease: A factorial clinical trial (Parazzini et al). 1986; **99**:576-81
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)

Allograft; *see also* **Graft**
The association of antivascular endothelial cell antibody with hyperacute rejection: A case report (Brasile et al). 1986; **99**: 637-40 (Brief clin. rep.)
Portal versus caval venous drainage of small bowel allografts: Technical and metabolic consequences (Schraut et al). 1986; **99**:193-8

Allopurinol
Neutropenia prevents decrease in strength of rat intestinal anastomosis: Partial effect of oxygen free radical scavengers and allopurinol (Högström and Haglund). 1986; **99**:716-20

Allotransplantation; *see also* **Transplantation**
Allotransplantation of parathyroid glands to treat intractable hypoparathyroidism (Zeng) (Letter). 1986; **99**:131-2

Alpha-difluoromethylornithine
Inhibition of ilial and colonic ornithine decarboxylase activity by alpha-difluoromethylornithine in rats: Transient atrophic changes and loss of postresectional adaptive growth (Kingsnorth et al). 1986; **99**:721-7

Alpha-tocopherol
Role of free radicals in ischemic rat liver cell injury: Prevention of damage by α-tocopherol administration (Marubayashi et al). 1986; **99**:184-92

Amino acid
Major operative trauma increases peripheral amino acid release during the steady-state infusion of total parenteral nutrition in man (Finley et al). 1986; **99**:491-500
Re: Plasma amino acids in liver transplantation: Correlations with clinical outcome (Hassett Jr) (Letter); (Reilly Jr) (Reply). 1986; **99**:130-1

Anastomosis
The effect of enteral feedings supplemented with pectin on the healing of colonic anastomoses in the rat (Rolandelli et al). 1986; **99**:703-7
Neutropenia prevents decrease in strength of rat intestinal anastomosis: Partial effect of oxygen free radical scavengers and allopurinol (Högström and Haglund). 1986; 99:716-20

Aneurysm
Synchronous left subclavian and axillary artery aneurysms associated with melorheostosis (Applebaum et al). 1986; **99**:249-53 (Brief clin. rep.)

Angiogram
Angiographic and pathologic correlates in carotid artery disease (Ricotta et al). 1986; **99**:284-92

Angiotensin II
Evaluation of (1-sarcosine, 8-isoleucine) angiotensin II as a therapeutic agent for oleic acid-induced pulmonary edema (Yukioka et al). 1986; **99**:235-44

Anomaly
Continuous hepatic artery infusion with an implantable pump: Problems with hepatic artery anomalies (Kemeny et al). 1986; **99**:501-4

Antibody
The association of antivascular endothelial cell antibody with hyperacute rejection: A case report (Brasile et al). 1986; **99**: 637-40 (Brief clin. rep.)

Aorta
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48
Increased vascular contraction and sensitivity to norepinephrine after endothelial denudation is inhibited by prazosin (O'Malley et al). 1986; **99**:36-44
Spontaneous abdominal aortic rupture from erosion by a lumbar spine fixation device: A case report (Jenrisak). 1986; 99:631-3 (Brief clin. rep.)

Aplasia
Congenital aplasia of the deep veins of lower extremities in children: The role of ascending functional phlebography (Gorenstein et al). 1986; **99**:414-20

Arm; *see also* **Extremity**
Magnetic resonance imaging of a congenital arteriovenous malformation of the forearm (Cohen et al). 1986; **99**:623-5 (Brief clin. rep.)

*January, pp. 1-132; February, pp. 133-256; March, pp. 257-384; April, pp. 385-516; May, pp. 577-642; June, pp. 643-790.

Arteriovenous fistula
Arteriovenous fistulas after gastrectomy: Case report and review of the literature (Yeo and Ernst). 1986; **99**:505-10 (Brief clin. rep.)
Renal arteriovenous fistulas: A review of etiology, diagnosis, and management (Morin et al). 1986; **99**:114-8 (Brief clin. rep.)
Spontaneous arteriovenous fistula: A distinct clinical and pathophysiologic entity (McAuley et al). 1986; **99**:373-7 (Brief clin. rep.)
Arteriovenous malformation
Magnetic resonance imaging of a congenital arteriovenous malformation of the forearm (Cohen et al). 1986; **99**:623-5 (Brief clin. rep.)
Artery; *see also* **Aorta; Arteriovenous fistula**
Angiographic and pathologic correlates in carotid artery disease (Ricotta et al). 1986; **99**:284-92
Biliary sclerosis associated with hepatic artery infusion of floxuridine (Bolton and Bowen). 1986; **99**:119-22 (Brief clin. rep.)
"Closed-open" arterial embolectomy (Andros et al). 1986; **99**:102-5 (Surg. tech.)
Compliance and biodegradation of vascular grafts stimulate the regeneration of elastic laminae in neoarterial tissue: An experimental study in rats (van der Lei et al). 1986; **99**:45-52
Continuous hepatic artery infusion with an implantable pump: Problems with hepatic artery anomalies (Kemeny et al). 1986; **99**:501-4
Early experience with in situ saphenous vein bypass for distal arterial reconstruction (Buchbinder et al). 1986; **99**:350-7
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48
Irradiation-induced changes in the subclavian and axillary arteries after radiotherapy for carcinoma of the breast (Kretschmer et al). 1986; **99**:658-63
Pigskin as a topical hemostat in arterial, liver, and splenic injuries (Peper et al). 1986; **99**:557-63
Synchronous left subclavian and axillary artery aneurysms associated with melorheostosis (Applebaum et al). 1986; **99**:249-53 (Brief clin. rep.)
Total hepatic arterial perfusion after occlusion of variant lobar vessels: Implications for hepatic arterial chemotherapy (Rayner et al). 1986; **99**:708-15
Ascites
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)
Atriocaval shunt
The management of juxtahepatic venous injuries without an atriocaval shunt: Preliminary clinical observations (Pachter et al). 1986; **99**:569-75
Atrophy
Inhibition of ilial and colonic ornithine decarboxylase activity by alpha-difluoromethylornithine in rats: Transient atrophic changes and loss of postresectional adaptive growth (Kingsnorth et al). 1986; **99**:721-7
Axillary artery
Irradiation-induced changes in the subclavian and axillary arteries after radiotherapy for carcinoma of the breast (Kretschmer et al). 1986; **99**:658-63
Synchronous left subclavian and axillary artery aneurysms associated with melorheostosis (Applebaum et al). 1986; **99**:249-53 (Brief clin. rep.)

B

Baboon
Endothelial cell seeding of small-caliber synthetic grafts in the baboon (Shepard et al). 1986; **99**:318-26
Bacteria; *see also* **Infection; Sepsis**
Bacterial colonization of Hemasite access devices (Reed et al). 1986; **99**:308-17
The effect of biliary obstruction on a gram-negative bacteremic challenge: A preliminary report (Scott-Conner et al). 1986; **99**:679-83
Bile
Bile peritonitis from a cholecystohepatic bile ductule: An unusual complication of cholecystectomy (Thompson and Schuler). 1986; **99**:511-3 (Brief clin. rep.)
Biliary obstruction
The effect of biliary obstruction on a gram-negative bacteremic challenge: A preliminary report (Scott-Conner et al). 1986; **99**:679-83
The role of biliary obstruction in the pathogenesis of acute pancreatitis in the opossum (Senninger et al). 1986; **99**:688-93
Biliary sclerosis
Biliary sclerosis associated with hepatic artery infusion of floxuridine (Bolton and Bowen). 1986; **99**:119-22 (Brief clin. rep.)
Biliary stricture
Benign biliary strictures: An analytic review (1970 to 1984) (Genest et al). 1986; **99**:409-13
Bladder dysfunction
Urodynamic investigation predicts bladder dysfunction at an early stage after abdominoperineal resection of the rectum for cancer (Aagaard et al). 1986; **99**:564-8
Bleeding
Two-year experience of management of bleeding esophageal varices with a coordinated treatment program based on injection sclerotherapy (Wright et al). 1986; **99**:605-10
Blood flow
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
Estimation of hepatic blood flow by hydrogen gas clearance (Gouma et al). 1986; **99**:439-45
Blood pressure
Interaction of prostaglandins, activated complement, and granulocytes in clinical sepsis and hypotension (Slotman et al). 1986; **99**:744-51
Selective impairment of nutrient absorption from intestines with chronic venous hypertension (Sarfeh et al). 1986; **99**:166-9
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8
Blood transfusion
A new approach to massive blood transfusion during pediatric liver resection (Estrin et al). 1986; **99**:664-70
Body composition
Changes in body composition and dietary intake after gastric partitioning for morbid obesity (Raymond et al). 1986; **99**:15-9
Bowel; *see* **Intestine**
Breast
Analysis of the risk reduction of prophylactic partial mastectomy in Sprague-Dawley rats with 7,12-dimethylbenzanthracene-induced breast cancer (Wong et al). 1986; **99**:67-71
Breast cancer: A major helath problem in paradox (Spratt). 1986; **99**:381-2 (Editorial)
Cowden's disease: A further indication for prophylactic mastectomy (Walton et al). 1986; **99**:82-6
Irradiation-induced changes in the subclavian and axillary arteries after radiotherapy for carcinoma of the breast (Kretschmer et al). 1986; **99**:658-63
Methylxanthine, alcohol-free diet and fibrocystic breast disease: A factorial clinical trial (Parazzini et al). 1986; **99**:576-81
The significance of microcalcifications without palpable mass in the diagnosis of breast cancer (Tinnemans et al). 1986; **99**:652-7
Surgical considerations after chemotherapy and radiation therapy for inflammatory breast cancer (Knight Jr et al). 1986; **99**:385-91
Brief clinical reports
Brief clinical reports. 1986; **99**:106-29, 245-6, 365-80, 505-16,
Budd-Chiari syndrome
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)
Burn
Endotoxin-induced prostanoid production by the burn wound can cause distant lung dysfunction (Demling et al). 1986; **99**:421-31
Postburn immunosuppression in an animal model. IV. Improved resistance to septic challenge with immunomodulating drugs (Zapata-Sirvent et al). 1986; **99**:53-9
Bypass; *see also* **Graft**
Early experience with in situ saphenous vein bypass for distal arterial reconstruction (Buchbinder et al). 1986; **99**:350-7

C

Calcification
The significance of microcalcifications without palpable mass in the diagnosis of breast cancer (Tinnemans et al). 1986; **99**:652-7
Calcium channel blocker
The effect of verapamil on pancreatic exocrine secretion (Burns et al). 1986; **99**:474-80
Calorie control
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36
Carcinoid tumor
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type I (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
Carcinoma; *see also* **Tumor**
Analysis of the risk reduction of prophylactic partial mastectomy in Sprague-Dawley rats with 7,12-dimethylbenzanthracene-induced breast cancer (Wong et al). 1986; **99**:67-71
Breast cancer: A major helath problem in paradox (Spratt). 1986; **99**:381-2 (Editorial)
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type I (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
Clinical experience with one hundred eighteen hepatic resections for hepatocellular carcinoma (Nagasue et al). 1986; **99**:694-702
Diagnostic, therapeutic, and prognostic features of cancers of the esophagus: Results of the international prospective study conducted by the OESO group (790 patients) (Giuli and Sancho-Garnier). 1986; **99**:614-22
Esophageal cancer developed after gastrectomy (Maeta et al). 1986; **99**:87-91
Gastrin stimulates growth of colon cancer (Winsett et al). 1986; **99**:302-7
Irradiation-induced changes in the subclavian and axillary arteries after radiotherapy for carcinoma of the breast (Kretschmer et al). 1986; **99**:658-63
Reoperation in the treatment of asymptomatic metastasizing medullary thyroid carcinoma (Tisell et al). 1986; **99**:60-6
The significance of microcalcifications without palpable mass in the diagnosis of breast cancer (Tinnemans et al). 1986; **99**:652-7
Squamous cell carcinoma of the head and neck at the Massachusetts General Hospital: A comparison of biologic characteristics in men and women (Ildstad et al). 1986; **99**:7-14 (Clin. rev.)
Surgery of the portal vein in resection of cancer of the hepatic hilus (Sakaguchi and Nakamura). 1986; **99**:344-9
Surgical considerations after chemotherapy and radiation therapy for inflammatory breast cancer (Knight Jr et al). 1986; **99**:385-91
Surgical treatment of 109 patients with symptomatic and asymptomatic hepatocellular carcinoma (Lee et al). 1986; **99**:481-90
Urodynamic investigation predicts bladder dysfunction at an early stage after abdominoperineal resection of the rectum for cancer (Aagaard et al). 1986; **99**:564-8
Cardiac surgery
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Cardiomyopathy
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Carnitine
Carnitine metabolism during fasting in dogs (Rodriguez et al). 1986; **99**:684-7
Carotid artery
Angiographic and pathologic correlates in carotid artery disease (Ricotta et al). 1986; **99**:284-92
Catheter
Successful management of hepatic abscesses by percutaneous catheter drainage in chronic granulomatous disease (Skibber et al). 1986; **99**:626-30 (Brief clin. rep.)
Cell
The association of antivascular endothelial cell antibody with hyperacute rejection: A case report (Brasile et al). 1986; **99**:637-40 (Brief clin. rep.)
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
Endothelial cell seeding of small-caliber synthetic grafts in the baboon (Shepard et al). 1986; **99**:318-26
Interaction of prostaglandins, activated complement, and granulocytes in clinical sepsis and hypotension (Slotman et al). 1986; **99**:744-51
Pancreatic islet cell tumors (Broughan et al). 1986; **99**:671-8
Cell-mediated immunity
Postburn immunosuppression in an animal model. IV. Improved resistance to septic challenge with immunomodulating drugs (Zapata-Sirvent et al). 1986; **99**:53-9
Central vein
Prophylaxis against central vein thrombosis with low-dose warfarin (Bern et al). 1986; **99**:216-21
Chemotaxis
Reduction of polymorphonuclear leukocyte accumulations by inhibition of cyclooxygenase and thromboxane syntase in the rabbit (Palder et al). 1986; **99**:72-81
Chemotherapy
Surgical considerations after chemotherapy and radiation therapy for inflammatory breast cancer (Knight Jr et al). 1986; **99**:385-91
Total hepatic arterial perfusion after occlusion of variant lobar vessels: Implications for hepatic arterial chemotherapy (Rayner et al). 1986; **99**:708-15
Child
Congenital aplasia of the deep veins of lower extremities in children: The role of ascending functional phlebography (Gorenstein et al). 1986; **99**:414-20
A new approach to massive blood transfusion during pediatric liver resection (Estrin et al). 1986; **99**:664-70
Chloramphenicol
Washing with or without chloramphenicol in the treatment of peritonitis: A prospective, clinical trial (Nomikos et al). 1986; **99**:20-5
Cholecystectomy
Bile peritonitis from a cholecystohepatic bile ductule: An unusual complication of cholecystectomy (Thompson and Schuler). 1986; **99**:511-3 (Brief clin. rep.)
Cholecystokinin octapeptide
Interactions of vasoactive intestinal polypeptide and cholecystokinin octapeptide on the control of gallbladder contraction (Strah et al). 1986; **99**:469-73
Cholesterol
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36
Clerkship
A multidisciplinary surgery clerkship: Ten-year experience (Folse et al). 1986; **99**:178-83
Cold
Detrimental effects of four hours of cold storage on porcine pancreaticoduodenal transplantation (Dafoe et al). 1986; **99**:170-7
The effect of cryopreservation on hormone secretion in vitro and morphology of human parathyroid tissue (Wagner et al). 1986; **99**:257-64
Colon; *see also* **Intestine**
The effect of enteral feedings supplemented with pectin on the healing of colonic anastomoses in the rat (Rolandelli et al). 1986; **99**:703-7
The effect of whole-gut lavage on colon motility and gastrocolic response in a monkey (Condon et al). 1986; **99**:531-6
Gastrin stimulates growth of colon cancer (Winsett et al). 1986; **99**:302-7
Inhibition of ilial and colonic ornithine decarboxylase activity by alpha-difluoromethylornithine in rats: Transient atrophic changes and loss of postresectional adaptive growth (Kingsnorth et al). 1986; **99**:721-7
Common femoral artery
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48

Common iliac artery
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48
Complement
Interaction of prostaglandins, activated complement, and granulocytes in clinical sepsis and hypotension (Slotman et al). 1986; **99**:744-51
Complications
Correlation of immunologic and nutritional status with infectious complications after major abdominal trauma (O'Gorman et al). 1986; **99**:549-56
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Congenital condition
Congenital aplasia of the deep veins of lower extremities in children: The role of ascending functional phlebography (Gorenstein et al). 1986; **99**:414-20
Magnetic resonance imaging of a congenital arteriovenous malformation of the forearm (Cohen et al). 1986; **99**:623-5 (Brief clin. rep.)
Coronary artery
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Correspondence
Letters. 1986; **99**:130-2
Cost of surgery
The costs of surgery for limb-threatening ischemia (Mackey et al). 1986; **99**:26-35
Cowden's disease
Cowden's disease: A further indication for prophylactic mastectomy (Walton et al). 1986; **99**:82-6
William Cowper
William Cowper (Buchman Jr and Futrell). 1986; **99**:582-90
Cryopreservation
The effect of cryopreservation on hormone secretion in vitro and morphology of human parathyroid tissue (Wagner et al). 1986; **99**:257-64
Culture
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
Cyclooxygenase
Reduction of polymorphonuclear leukocyte accumulations by inhibition of cyclooxygenase and thromboxane syntase in the rabbit (Palder et al). 1986; **99**:72-81
Cystic disease
Methylxanthine, alcohol-free diet and fibrocystic breast disease: A factorial clinical trial (Parazzini et al). 1986; **99**:576-81
Papillary cystic neoplasm of the pancreas: Report of two cases of a surgically curable tumor (Komorn et al). 1986; **99**:110-3 (Brief clin. rep.)

Death; *see* **Mortalitiy**
De Takats, Geza
Geza de Takats: 1892 to 1985 (Bergan). 1986; **99**:641-2 (In memoriam)
Denudation of endothelium
Increased vascular contraction and sensitivity to norepinephrine after endothelial denudation is inhibited by prazosin (O'Malley et al). 1986; **99**:36-44
Diabetes mellitus
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8
Dialysis
Indirect inguinal hernia in patients undergoing peritoneal dialysis (Kauffman Jr and Adams). 1986; **99**:254-6 (Brief clin. rep.)
Diarrheogenic syndrome
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type I (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
Diet
Changes in body composition and dietary intake after gastric partitioning for morbid obesity (Raymond et al). 1986; **99**:15-9
Methylxanthine, alcohol-free diet and fibrocystic breast disease: A factorial clinical trial (Parazzini et al). 1986; **99**:576-81
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36
α-Difluoromethylornithine
Inhibition of ilial and colonic ornithine decarboxylase activity by alpha-difluoromethylornithine in rats: Transient atrophic changes and loss of postresectional adaptive growth (Kingsnorth et al). 1986; **99**:721-7
Dimethylbenzanthracene
Analysis of the risk reduction of prophylactic partial mastectomy in Sprague-Dawley rats with 7,12-dimethylbenzanthracene-induced breast cancer (Wong et al). 1986; **99**:67-71
Distal splenorenal shunt
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Dog
Carnitine metabolism during fasting in dogs (Rodriguez et al). 1986; **99**:684-7
Dosage
Prophylaxis against central vein thrombosis with low-dose warfarin (Bern et al). 1986; **99**:216-21
Drainage
Portal versus caval venous drainage of small bowel allografts: Technical and metabolic consequences (Schraut et al). 1986; **99**:193-8
Successful management of hepatic abscesses by percutaneous catheter drainage in chronic granulomatous disease (Skibber et al). 1986; **99**:626-30 (Brief clin. rep.)
Ductule
Bile peritonitis from a cholecystohepatic bile ductule: An unusual complication of cholecystectomy (Thompson and Schuler). 1986; **99**:511-3 (Brief clin. rep.)
Dumping syndrome
The effect of somatostatin on dumping after gastric surgery: A preliminary report (Reasbeck and Rij). 1986; **99**:462-8
Duodenum; *see also* **Intestine**
Gastric acid secretion and gut hormone release in patients undergoing pancreaticoduodenectomy (Sato et al). 1986; **99**:728-34
Duplex scanning
Duplex scanning of the portal vein and portasystemic shunts (Ackroyd et al). 1986; **99**:591-7

E

Edema
Evaluation of (1-sarcosine, 8-isoleucine) angiotensin II as a therapeutic agent for oleic acid-induced pulmonary edema (Yukioka et al). 1986; **99**:235-44
EEA stapler
Esophagojejunostomy with the EEA stapler (Walther et al). 1986; **99**:598-603
Elastic lamina
Compliance and biodegradation of vascular grafts stimulate the regeneration of elastic laminae in neoarterial tissue: An experimental study in rats (van der Lei et al). 1986; **99**:45-52
Elderly
Limb salvage in octogenarians and nonagenarians (Scher et al). 1986; **99**:160-5
Electrocardiogram
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Eleventh rib
The eleventh rib transcostal incision: An extrapleural, transperitoneal approach to the upper abdomen (Raynor and DelGuercio). 1986; **99**:95-101 (Surg. tech.)
Embolectomy
"Closed-open" arterial embolectomy (Andros et al). 1986; **99**:102-5 (Surg. tech.)

Endarterectomy
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48
Endocrine neoplasia
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type I (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
Endothelium
The association of antivascular endothelial cell antibody with hyperacute rejection: A case report (Brasile et al). 1986; **99**: 637-40 (Brief clin. rep.)
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
Endothelial cell seeding of small-caliber synthetic grafts in the baboon (Shepard et al). 1986; **99**:318-26
Increased vascular contraction and sensitivity to norepinephrine after endothelial denudation is inhibited by prazosin (O'Malley et al). 1986; **99**:36-44
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
Endotoxin
Endotoxin-induced prostanoid production by the burn wound can cause distant lung dysfunction (Demling et al). 1986; **99**:421-31
Enteral feeding; *see also* **Parenteral nutrition**
The effect of enteral feedings supplemented with pectin on the healing of colonic anastomoses in the rat (Rolandelli et al). 1986; **99**:703-7
Enteritis
Surgical management of radiation enteritis (Galland and Spencer). 1986; **99**:133-9
Enteropathy
Pancreatic proteases and oxygen-derived free radicals in acute ischemic enteropathy (Bounous). 1986; **99**:92-4 (Hypothesis)
Escherichia coli
Endotoxin-induced prostanoid production by the burn wound can cause distant lung dysfunction (Demling et al). 1986; **99**:421-31
Esophagus
Diagnostic, therapeutic, and prognostic features of cancers of the esophagus: Results of the international prospective study conducted by the OESO group (790 patients) (Giuli and Sancho-Garnier). 1986; **99**:614-22
Esophageal cancer developed after gastrectomy (Maeta et al). 1986; **99**:87-91
Esophagojejunostomy with the EEA stapler (Walther et al). 1986; **99**:598-603
Two-year experience of management of bleeding esophageal varices with a coordinated treatment program based on injection sclerotherapy (Wright et al). 1986; **99**:605-10
Exercise
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Exocrine secretion
The effect of verapamil on pancreatic exocrine secretion (Burns et al). 1986; **99**:474-80
Expandable graft; *see also* **Graft**
Expandable intraluminal vascular graft: A feasibility study (Palmaz et al). 1986; **99**:199-205
External iliac artery
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48
Extremity
Congenital aplasia of the deep veins of lower extremities in children: The role of ascending functional phlebography (Gorenstein et al). 1986; **99**:414-20
The costs of surgery for limb-threatening ischemia (Mackey et al). 1986; **99**:26-35
Factors relating to the sensory acuity of limbs with peripheral vascular insufficiency (Matsen III et al). 1986; **99**: 455-61
Extremity, cont'd.
Limb salvage in octogenarians and nonagenarians (Scher et al). 1986; **99**:160-5
Magnetic resonance imaging of a congenital arteriovenous malformation of the forearm (Cohen et al). 1986; **99**:623-5
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8
Soft tissue sarcomas of the distal extremities (Walker et al). 1986; **99**:392-8
Successful conservative therapy of severe limb-threatening ischemia: The value of nonsympathectomy (Rivers et al). 1986; **99**:759-62

F

Familial hypercholesterolemia
Agenesis of the gallbladder: Case report and familial investigation (Wilson and Deitrick). 1986; **99**:106-9 (Brief clin. rep.)
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36
Fasting
Carnitine metabolism during fasting in dogs (Rodriguez et al). 1986; **99**:684-7
Femoral artery
Extensive endarterectomy of the aorta, common and external iliac arteries, and common femoral arteries by a modified Le Veen method (Bengoechea et al). 1986; **99**:537-48
Fibrocystic breast disease; *see also* **Breast**
Methylxanthine, alcohol-free diet and fibrocystic breast disease: A factorial clinical trial (Parazzini et al). 1986; **99**:576-81
Filter
Distal migration and deformation of the Greenfield vena cava filter (Sidawy and Menzoian). 1986; **99**:369-72 (Brief clin. rep.)
Fistula
Arteriovenous fistulas after gastrectomy: Case report and review of the literature (Yeo and Ernst). 1986; **99**:505-10 (Brief clin. rep.)
Renal arteriovenous fistulas: A review of etiology, diagnosis, and management (Morin et al). 1986; **99**:114-8 (Brief clin. rep.)
Spontaneous arteriovenous fistula: A distinct clinical and pathophysiologic entity (McAuley et al). 1986; **99**:373-7 (Brief clin. rep.)
Fixation device
Spontaneous abdominal aortic rupture from erosion by a lumbar spine fixation device: A case report (Jenrisak). 1986; **99**:631-3 (Brief clin. rep.)
Flap
Improved survival in free skin flap transfers in rats (Manson et al). 1986; **99**:211-5
Floxuridine
Biliary sclerosis associated with hepatic artery infusion of floxuridine (Bolton and Bowen). 1986; **99**:119-22 (Brief clin. rep.)
Fluid flux
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
Forearm; *see also* **Extremity**
Magnetic resonance imaging of a congenital arteriovenous malformation of the forearm (Cohen et al). 1986; **99**:623-5 (Brief clin. rep.)
Free radical
Neutropenia prevents decrease in strength of rat intestinal anastomosis: Partial effect of oxygen free radical scavengers and allopurinol (Högström and Haglund). 1986; **99**:716-20
Role of free radicals in ischemic rat liver cell injury: Prevention of damage by α-tocopherol administration (Marubayashi et al). 1986; **99**:184-92

G

Gallbladder
Agenesis of the gallbladder: Case report and familial investigation (Wilson and Deitrick). 1986; **99**:106-9 (Brief clin. rep.)

Gallbladder, cont'd.
Bile peritonitis from a cholescytohepatic bile ductule: An unusual complication of cholecystectomy (Thompson and Schuler). 1986; **99**:511-3 (Brief clin. rep.)
Interactions of vasoactive intestinal polypeptide and cholecystokinin octapeptide on the control of gallbladder contraction (Strah et al). 1986; **99**:469-73
Gastric acid
Gastric acid secretion and gut hormone release in patients undergoing pancreaticoduodenectomy (Sato et al). 1986; **99**:728-34
Gastric surgery
Arteriovenous fistulas after gastrectomy: Case report and review of the literature (Yeo and Ernst). 1986; **99**:505-10 (Brief clin. rep.)
Changes in body composition and dietary intake after gastric partitioning for morbid obesity (Raymond et al). 1986; **99**:15-9

Esophageal cancer developed after gastrectomy (Maeta et al). 1986; **99**:87-91
Gastrectomy for recurrent ulcer after vagotomy: Five- to nineteen-year follow-up (Hoffmann et al). 1986; **99**:517-22
Gastrin
Gastrin stimulates growth of colon cancer (Winsett et al). 1986; **99**:302-7
Removal of mesenteric gastrinoma: A case report (Miyata et al). 1986; **99**:245-8 (Brief clin. rep.)
Gastrinoma
Removal of mesenteric gastrinoma: A case report (Miyata et al). 1986; **99**:245-8 (Brief clin. rep.)
Gastrocolic response
The effect of whole-gut lavage on colon motility and gastrocolic response in a monkey (Condon et al). 1986; **99**:531-6
Gender
Squamous cell carcinoma of the head and neck at the Massachusetts General Hospital: A comparison of biologic characteristics in men and women (Ildstad et al). 1986; **99**:7-14 (Clin. rev.)
Geriatric patient
Limb salvage in octogenarians and nonagenarians (Scher et al). 1986; **99**:160-5
Gland
Allotransplantation of parathyroid glands to treat intractable hypoparathyroidism (Zeng) (Letter). 1986; **99**:131-2
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type 1 (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
Myelolipoma of the adrenal gland: Report of two cases with a review of the literature (Del Gaudio and Solidoro). 1986; **99**:293-301
Reoperation in the treatment of asymptomatic metastasizing medullary thyroid carcinoma (Tisell et al). 1986; **99**:60-6
Graft
The association of antivascular endothelial cell antibody with hyperacute rejection: A case report (Brasile et al). 1986; **99**:637-40 (Brief clin. rep.)
Compliance and biodegradation of vascular grafts stimulate the regeneration of elastic laminae in neoarterial tissue: An experimental study in rats (van der Lei et al). 1986; **99**:45-52
Early experience with an in situ saphenous vein bypass for distal arterial reconstruction (Buchbinder et al). 1986; **99**:350-7
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
Endothelial cell seeding of small-caliber synthetic grafts in the baboon (Shepard et al). 1986; **99**:318-26
Expandable intraluminal vascular graft: A feasibility study (Palmaz et al). 1986; **99**:199-205
Normothrombogenic small-caliber human umbilical vein vascular prosthesis (Venkataramani et al). 1986; **99**:735-43
Portal versus caval venous drainage of small bowel allografts: Technical and metabolic consequences (Schraut et al). 1986; **99**:193-8
Gram-negative bacteria
The effect of biliary obstruction on a gram-negative bacteremic challenge: A preliminary report (Scott-Conner et al). 1986; **99**:679-83
Granulocyte
Interaction of prostaglandins, activated complement, and granulocytes in clinical sepsis and hypotension (Slotman et al). 1986; **99**:744-51
Granuloma
Successful management of hepatic abscesses by percutaneous catheter drainage in chronic granulomatous disease (Skibber et al). 1986; **99**:626-30 (Brief clin. rep.)
Greenfield vena cava filter
Distal migration and deformation of the Greenfield vena cava filter (Sidawy and Menzoian. 1986; **99**:369-72 (Brief clin. rep.)
Gut; *see* **Intestine**

H

Head
Squamous cell carcinoma of the head and neck at the Massachusetts General Hospital: A comparison of biologic characteristics in men and women (Ildstad et al). 1986; **99**:7-14 (Clin. rev.)
Heart
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Hemasite device
Bacterial colonization of Hemasite access devices (Reed et al). 1986; **99**:308-17
Hemodynamics
Hemodynamic determinants of mortality in human septic shock (Groeneveld et al). 1986; **99**:140-53
Hemophilia
General surgery in adult hemophiliacs (Brown et al). 1986; **99**:154-9
Hemorrhage
Two-year experience of management of bleeding esophageal varices with a coordinated treatment program based on injection sclerotherapy (Wright et al). 1986; **99**:605-10,
Hemostat
Pigskin as a topical hemostat in arterial, liver, and splenic injuries (Peper et al). 1986; **99**:557-63
Heparin
Nonthrombogenic small-caliber human umbilical vein vascular prosthesis (Venkataramani et al). 1986; **99**:735-43
Hepatic artery
Biliary sclerosis associated with hepatic artery infusion of floxuridine (Bolton and Bowen). 1986; **99**:119-22 (Brief clin. rep.)
Continuous hepatic artery infusion with an implantable pump: Problems with hepatic artery anomalies (Kemeny et al). 1986; **99**:501-4
Total hepatic arterial perfusion after occlusion of variant lobar vessels: Implications for hepatic arterial chemotherapy (Rayner et al). 1986; **99**:708-15
Hepatic disease; *see* **Liver**
Hepatic vein
The management of juxtahepatic venous injuries without an atriocaval shunt: Preliminary clinical observations (Pachter et al). 1986; **99**:569-75
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)
Hereditary disease
Agenesis of the gallbladder: Case report and familial investigation (Wilson and Deitrick). 1986; **99**:106-9 (Brief clin. rep.)
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36
Hernia
Indirect inguinal hernia in patients undergoing peritoneal dialysis (Kauffman Jr and Adams). 1986; **99**:254-6 (Brief clin. rep.)
Hilus
Surgery of the portal vein in resection of cancer of the hepatic hilus (Sakaguchi and Nakamura). 1986; **99**:344-9
Hormone
The effect of cryopreservation on hormone secretion in vitro and morphology of human parathyroid tissue (Wagner et al). 1986; **99**:257-64

Hormone, cont'd.
Gastric acid secretion and gut hormone release in patients undergoing pancreaticoduodenectomy (Sato et al). 1986; **99**:728-34
Hospital care
In-hospital mortality of surgical patients: Is there an empiric basis for standard setting? (Sloan et al). 1986; **99**:446-54
Reducing postoperative pain, narcotics, and length of hospitalization (Moss et al). 1986; **99**:206-10
Host defense
The enhancement of host defenses against infection: Search for the Holy Grail? (Polk Jr). 1986; **99**:1-6 (Clin. rev.)
Hydrogen gas clearance
Estimation of hepatic blood flow by hydrogen gas clearance (Gouma et al). 1986; **99**:439-45
Hypercholesterolemia
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36

Medullary thyroid carcinoma
Reoperation in the treatment of asymptomatic metastasizing medullary thyroid carcinoma (Tisell et al). 1986; **99**:60-6
Melorheostosis
Synchronous left subclavian and axillary artery aneurysms associated with melorheostosis (Applebaum et al). 1986; **99**:249-53 (Brief clin. rep.)

Mesenteric gastrinoma
Removal of mesenteric gastrinoma: A case report (Miyata et al). 1986; **99**:245-8 (Brief clin. rep.)
Mesh
The septic abdomen: Open management with Marlex mesh with a zipper (Hedderich et al). 1986; **99**:399-408
Metabolism
Carnitine metabolism during fasting in dogs (Rodriguez et al). 1986; **99**:684-7
Major operative trauma increases peripheral amino acid release during the steady-state infusion of total parenteral nutrition in man (Finley et al). 1986; **99**:491-500
Metastasis; *see also* **Carcinoma**
Reoperation in the treatment of asymptomatic metastasizing medullary thyroid carcinoma (Tisell et al). 1986; **99**:60-6
Methylxanthine
Methylxanthine, alcohol-free diet and fibrocystic breast disease: A factorial clinical trial (Parazzini et al). 1986; **99**:576-81
Microcalcification
The significance of microcalcifications without palpable mass in the diagnosis of breast cancer (Tinnemans et al). 1986; **99**:652-7
Microcirculation
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
Monkey
The effect of whole-gut lavage on colon motility and gastrocolic response in a monkey (Condon et al). 1986; **99**:531-6
Mortality
Hemodynamic determinants of mortality in human septic shock (Groeneveld et al). 1986; **99**:140-53
In-hospital mortality of surgical patients: Is there an empiric basis for standard setting? (Sloan et al). 1986; **99**:446-54
Mouse
Postburn immunosuppression in an animal model. IV. Improved resistance to septic challenge with immunomodulating drugs (Zapata-Sirvent et al). 1986; **99**:53-9
Mucosa
Pancreatic proteases and oxygen-derived free radicals in acute ischemic enteropathy (Bounous). 1986; **99**:92-4 (Hypothesis)
Muscle
Insulin decreases muscle protein loss after operative trauma in man (Inculet et al). 1986; **99**:752-8
Major operative trauma increases peripheral amino acid release during the steady-state infusion of total parenteral nutrition in man (Finley et al). 1986; **99**:491-500
Protein dynamics in skeletal muscle after trauma: Local and systemic effects (Downey et al). 1986; **99**:265-74
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Myelolipoma
Myelolipoma of the adrenal gland: Report of two cases with a review of the literature (Del Gaudio and Solidoro). 1986; **99**:293-301
Myopathy; *see also* **Muscle**
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.]

N

Narcotics
Reducing postoperative pain, narcotics, and length of hospitalization (Moss et al). 1986; **99**:206-10
Neck
Squamous cell carcinoma of the head and neck at the Massachusetts General Hospital: A comparison of biologic characteristics in men and women (Ildstad et al). 1986; **99**:7-14 (Clin. rev.)
Neoarterial tissue; *see also* **Artery**

Partial mastectomy *see also* **Breast**
Analysis of the risk reduction of prophylactic partial mastectomy in Sprague-Dawley rats with 7,12-dimethylbenzanthracene-induced breast cancer (Wong et al). 1986; **99**:67-71
Partitioning, gastric
Changes in body composition and dietary intake after gastric partitioning for morbid obesity (Raymond et al). 1986; **99**:15-9
Pectin
The effect of enteral feedings supplemented with pectin on the healing of colonic anastomoses in the rat (Rolandelli et al). 1986; **99**:703-7
Percutaneous catheter
Successful management of hepatic abscesses by percutaneous catheter drainage in chronic granulomatous disease (Skibber et al). 1986; **99**:626-30 (Brief clin. rep.)
Perfusion
Total hepatic arterial perfusion after occlusion of variant lobar vessels: Implications for hepatic arterial chemotherapy (Rayner et al). 1986; **99**:708-15
Perfusion pressure
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8
Perineum
Urodynamic investigation predicts bladder dysfunction at an early stage after abdominoperineal resection of the rectum for cancer (Aagaard et al). 1986; **99**:564-8
Peripheral vascular disease
Factors relating to the sensory acuity of limbs with peripheral vascular insufficiency (Matsen III et al). 1986; **99**:455-61
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Peritoneal dialysis
Indirect inguinal hernia in patients undergoing peritoneal dialysis (Kauffman Jr and Adams). 1986; **99**:254-6 (Brief clin. rep.)
Peritonitis
Bile peritonitis from a cholecystohepatic bile ductule: An unusual complication of cholecystectomy (Thompson and Schuler). 1986; **99**:511-3 (Brief clin. rep.)
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
Washing with or without chloramphenicol in the treatment of peritonitis: A prospective, clinical trial (Nomikos et al). 1986; **99**:20-5
Permeability
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
Phlebography
Congenital aplasia of the deep veins of lower extremities in children: The role of ascending functional phlebography (Gorenstein et al). 1986; **99**:414-20
Photoplethysmography; *see also* **Imaging**
Quantitative photoplethysmography (Jespersen and Lederballe) (Letter). 1986; **99**:130
Pig
Detrimental effects of four hours of cold storage on porcine pancreaticoduodenal transplantation (Dafoe et al). 1986; **99**:170-7
Pigskin as a topical hemostat in arterial, liver, and splenic injuries (Peper et al). 1986; **99**:557-63
Plasma
Re: Plasma amino acids in liver transplantation: Correlations with clinical outcome (Hassett Jr) (Letter); (Reilly Jr) (Reply). 1986; **99**:130-1
Polymorphonuclear leukocyte
Reduction of polymorphonuclear leukocyte accumulations by inhibition of cyclooxygenase and thromboxane syntase in the rabbit (Palder et al). 1986; **99**:72-81
Polypeptide
Interactions of vasoactive intestinal polypeptide and cholecystokinin octapeptide on the control of gallbladder contraction (Strah et al). 1986; **99**:469-73
Polytetrafluoroethylene
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
Porcine transplant
Detrimental effects of four hours of cold storage on porcine pancreaticoduodenal transplantation (Dafoe et al). 1986; **99**:170-7
Portal vein
Duplex scanning of the portal vein and portasystemic shunts (Ackroyd et al). 1986; **99**:591-7
Portal versus caval venous drainage of small bowel allografts: Technical and metabolic consequences (Schraut et al). 1986; **99**:193-8
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)
Surgery of the portal vein in resection of cancer of the hepatic hilus (Sakaguchi and Nakamura). 1986; **99**:344-9
Postoperative evaluation
Preoperative and postoperative evaluation of the patient with a splenorenal shunt with magnetic resonance imaging (Cohen et al). 1986; **99**:634-6 (Brief clin. rep.)

Postoperative pain
Reducing postoperative pain, narcotics, and length of hospitalization (Moss et al). 1986; **99**:206-10
Prazosin
Increased vascular contraction and sensitivity to norepinephrine after endothelial denudation is inhibited by prazosin (O'Malley et al). 1986; **99**:36-44
Predictive test
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8

Urodynamic investigation predicts bladder dysfunction at an early stage after abdominoperineal resection of the rectum for cancer (Aagaard et al). 1986; **99**:564-8
Resonance imaging; *see* **Imaging**
Respiratory distress syndrome
Effects of prostaglandin E_1 in adult respiratory distress syndrome (Shoemaker and Appel). 1986; **99**:275-83
Retrohepatic cava; *see also* **Hepatic vein**
The management of juxtahepatic venous injuries without an atriocaval shunt: Preliminary clinical observations (Pachter et al). 1986; **99**:569-75
Rib
The eleventh rib transcostal incision: An extrapleural, transperitoneal approach to the upper abdomen (Raynor and DelGuercio). 1986; **99**:95-101 (Surg. tech.)
Rupture
Spontaneous abdominal aortic rupture from erosion by a lumbar spine fixation device: A case report (Jenrisak). 1986; **99**:631-3 (Brief clin. rep.)

S

Saphenous vein
Early experience with in situ saphenous vein bypass for distal arterial reconstruction (Buchbinder et al). 1986; **99**:350-7
Sarcoma
Soft tissue sarcomas of the distal extremities (Walker et al). 1986; **99**:392-8
Scanning; *see also* **Imaging**
Duplex scanning of the portal vein and portasystemic shunts (Ackroyd et al). 1986; **99**:591-7
Scavenger
Neutropenia prevents decrease in strength of rat intestinal anastomosis: Partial effect of oxygen free radical scavengers and allopurinol (Högström and Haglund). 1986; **99**:716-20
Sclerosis
Biliary sclerosis associated with hepatic artery infusion of floxuridine (Bolton and Bowen). 1986; **99**:119-22 (Brief clin. rep.)
Sclerotherapy
Two-year experience of management of bleeding esophageal varices with a coordinated treatment program based on injection sclerotherapy (Wright et al). 1986; **99**:605-10
Screening test
Spirometry as a preoperative screening test in morbidly obese patients (Crapo et al). 1986; **99**:763-8
Secretion
The effect of verapamil on pancreatic exocrine secretion (Burns et al). 1986; **99**:474-80
Seeding
Endothelial cell seeding of small-caliber synthetic grafts in the baboon (Shepard et al). 1986; **99**:318-26
Sensory acuity
Factors relating to the sensory acuity of limbs with peripheral vascular insufficiency (Matsen III et al). 1986; **99**:455-61
Sepsis; *see also* **Infection**
Correlation of immunologic and nutritional status with infectious complications after major abdominal trauma (O'Gorman et al). 1986; **99**:549-56
Interaction of prostaglandins, activated complement, and granulocytes in clinical sepsis and hypotension (Slotman et al). 1986; **99**:744-51
Postburn immunosuppression in an animal model. IV. Improved resistance to septic challenge with immunomodulating drugs (Zapata-Sirvent et al). 1986; **99**:53-9
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
The septic abdomen: Open management with Marlex mesh with a zipper (Hedderich et al). 1986; **99**:399-408
Septic shock
Hemodynamic determinants of mortality in human septic shock (Groeneveld et al). 1986; **99**:140-53
Sheep
Pulmonary microvascular fluid flux in a large animal model of sepsis. Evidence for increased pulmonary endothelial permeability accompanying surgically induced peritonitis in sheep (Judges et al). 1986; **99**:222-34
Shock
Hemodynamic determinants of mortality in human septic shock (Groeneveld et al). 1986; **99**:140-53
Shunt
Duplex scanning of the portal vein and portasystemic shunts (Ackroyd et al). 1986; **99**:591-7
The management of juxtahepatic venous injuries without an atriocaval shunt: Preliminary clinical observations (Pachter et al). 1986; **99**:569-75
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)
Preoperative and postoperative evaluation of the patient with a splenorenal shunt with magnetic resonance imaging (Cohen et al). 1986; **99**:634-6 (Brief clin. rep.)
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Skeletal muscle
Insulin decreases muscle protein loss after operative trauma in man (Inculet et al). 1986; **99**:752-8
Major operative trauma increases peripheral amino acid release during the steady-state infusion of total parenteral nutrition in man (Finley et al). 1986; **99**:491-500
Protein dynamics in skeletal muscle after trauma: Local and systemic effects (Downey et al). 1986; **99**:265-74
Skin
Improved survival in free skin flap transfers in rats (Manson et al). 1986; **99**:211-5
Skin vascular resistance and skin perfusion pressure as predictors of healing of ischemic lesion of the lower limb: Influences of diabetes mellitus, hypertension, and age (Duncan and Faris). 1986; **99**:432-8
Small intestine; *see* **Intestine**
Soft tissue
Soft tissue sarcomas of the distal extremities (Walker et al). 1986; **99**:392-8
Somatostatin
The effect of somatostatin on dumping after gastric surgery: A preliminary report (Reasbeck and Rij). 1986; **99**:462-8
Spine
Spontaneous abdominal aortic rupture from erosion by a lumbar spine fixation device: A case report (Jenrisak). 1986; **99**:631-3 (Brief clin. rep.)
Spirometry
Spirometry as a preoperative screening test in morbidly obese patients (Crapo et al). 1986; **99**:763-8
Spleen; *see also* **Splenorenal shunt**
Pigskin as a topical hemostat in arterial, liver, and splenic injuries (Peper et al). 1986; **99**:557-63
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Splenorenal shunt
Preoperative and postoperative evaluation of the patient with a splenorenal shunt with magnetic resonance imaging (Cohen et al). 1986; **99**:634-6 (Brief clin. rep.)
Recurrent hypersplenism caused by alcoholic cardiomyopathy after distal splenorenal shunt (Garner et al). 1986; **99**:514-6 (Brief clin. rep.)
Squamous cell carcinoma; *see also* **Carcinoma**
Squamous cell carcinoma of the head and neck at the Massachusetts General Hospital: A comparison of biologic characteristics in men and women (Ildstad et al). 1986; **99**:7-14 (Clin. rev.)
Standards
In-hospital mortality of surgical patients: Is there an empiric basis for standard setting? (Sloan et al). 1986; **99**:446-54
Stapler
Esophagojejunostomy with the EEA stapler (Walther et al). 1986; **99**:598-603

Stomach
Arteriovenous fistulas after gastrectomy: Case report and review of the literature (Yeo and Ernst). 1986; **99**:505-10
Changes in body composition and dietary intake after gastric partitioning for morbid obesity (Raymond et al). 1986; **99**:15-9
The effect of whole-gut lavage on colon motility and gastrocolic response in a monkey (Condon et al). 1986; **99**:531-6
The effect of somatostatin on dumping after gastric surgery: A preliminary report (Reasbeck and Rij). 1986; **99**:462-8
Esophageal cancer developed after gastrectomy (Maeta et al). 1986; **99**:87-91
Gastric acid secretion and gut hormone release in patients undergoing pancreaticoduodenectomy (Sato et al). 1986; **99**:728-34
Gastrin stimulates growth of colon cancer (Winsett et al). 1986; **99**:302-7
Removal of mesenteric gastrinoma: A case report (Miyata et al). 1986; **99**:24508 (Brief clin. rep.)
Stricture
Benign biliary strictures: An analytic review (1970 to 1984) (Genest et al). 1986; **99**:409-13
Subclavian artery
Irradiation-induced changes in the subclavian and axillary arteries after radiotherapy for carcinoma of the breast (Kretschmer et al). 1986; **99**:658-63
Synchronous left subclavian and axillary artery aneurysms associated with melorheostosis (Applebaum et al). 1986; **99**:249-53 (Brief clin. rep.)
Subclavian vein
Intermittent subclavian venous obstruction: Utility of venous pressure gradients (Schubart et al). 1986; **99**:365-8 (Brief clin. rep.)
Surgery clerkship
A multidisciplinary surgery clerkship: Ten-year experience (Folse et al). 1986; **99**:178-83
Surgical techniques
Surgical techniques. 1986; **99**:95-105
Sympathectomy
Successful conservative therapy of severe limb-threatening ischemia: The value of nonsympathectomy (Rivers et al). 1986; **99**:759-62
Syndrome
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type I (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
The effect of somatostatin on dumping after gastric surgery: A preliminary report (Reasbeck and Rij). 1986; **99**:462-8,
Effects of prostaglandin E_1 in adult respiratory distress syndrome (Shoemaker and Appel). 1986; **99**:275-83
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)

T

Temperature
Detrimental effects of four hours of cold storage on porcine pancreaticoduodenal transplantation (Dafoe et al). 1986; **99**:170-7
The effect of cryopreservation on hormone secretion in vitro and morphology of human parathyroid tissue (Wagner et al). 1986; **99**:257-64
Thrombosis
Portoatrial shunt in Budd-Chiari syndrome (Franco et al). 1986; **99**:378-80 (Brief clin. rep.)
Nonthrombogenic small-caliber human umbilical vein vascular prosthesis (Venkataramani et al). 1986; **99**:735-43
Prophylaxis against central vein thrombosis with low-dose warfarin (Bern et al). 1986; **99**:216-21
Thromboxane
Reduction of polymorphonuclear leukocyte accumulations by inhibition of cyclooxygenase and thromboxane syntase in the rabbit (Palder et al). 1986; **99**:72-81
Thyroid carcinoma; *see also* **Carcinoma**
Reoperation in the treatment of asymptomatic metastasizing medullary thyroid carcinoma (Tisell et al). 1986; **99**:60-6
Tissue culture
The effect of flow on vascular endothelial cells grown in tissue culture on polytetrafluoroethylene grafts (Sentissi et al). 1986; **99**:337-42
α-Tocopherol
Role of free radicals in ischemic rat liver cell injury: Prevention of damage by α-tocopherol administration (Marubayashi et al). 1986; **99**:184-92
Topical agent
Pigskin as a topical hemostat in arterial, liver, and splenic injuries (Peper et al). 1986; **99**:557-63
Total parenteral nutrition
Major operative trauma increases peripheral amino acid release during the steady-state infusion of total parenteral nutrition in man (Finley et al). 1986; **99**:491-500
Total parenteral nutrition in familial hypercholesterolemia: Importance of caloric control (Yamashita et al). 1986; **99**:327-36
Transcostal incision
The eleventh rib transcostal incision: An extrapleural, transperitoneal approach to the upper abdomen (Raynor and DelGuercio). 1986; **99**:95-101 (Surg. tech.)
Transfusion
A new approach to massive blood transfusion during pediatric liver resection (Estrin et al). 1986; **99**:664-70
Transperitoneal approach
The eleventh rib transcostal incision: An exptrapleural, transperitoneal approach to the upper abdomen (Raynor and DelGuercio). 1986; **99**:95-101
Transplantation
Allotransplantation of parathyroid glands to treat intractable hypoparathyroidism (Zeng) (Letter). 1986; **99**:131-2
The association of antivascular endothelial cell antibody with hyperacute rejection: A case report (Brasile et al). 1986; **99**:637-40 (Brief clin. rep.)
Detrimental effects of four hours of cold storage on porcine pancreaticoduodenal transplantation (Dafoe et al). 1986; **99**:170-7
Re: Plasma amino acids in liver transplantation: Correlations with clinical outcome (Hassett Jr) (Letter); (Reilly Jr) (Reply). 1986; **99**:130-1
Trauma
Correlation of immunologic and nutritional status with infectious complications after major abdominal trauma (O'Gorman et al). 1986; **99**:549-56
Endotoxin-induced prostanoid production by the burn wound can cause distant lung dysfunction (Demling et al). 1986; **99**:421-31
Insulin decreases muscle protein loss after operative trauma in man (Inculet et al). 1986; **99**:752-8

Protein dynamics in skeletal muscle after trauma: Local and systemic effects (Downey et al). 1986; **99**:265-74
Treadmill test
Prediction of perioperative cardiac complications by electrocardiographic monitoring during treadmill exercise testing before peripheral vascular surgery (von Knorring and Lepäntalo). 1986; **99**:610-4
Tumor; *see also* **Carcinoma**
Carcinoid tumor of the pancreas causing the diarrheogenic syndrome: Report of a case combined with multiple endocrine neoplasia, type I (Lee et al). 1986; **99**:123-9 (Brief clin. rep.)
Intraoperative ultrasonography in surgery for liver tumors (Gozzetti et al). 1986; **99**:523-30
A new approach to massive blood transfusion during pediatric liver resection (Estrin et al). 1986; **99**:664-70
Pancreatic islet cell tumors (Broughan et al). 1986; **99**:671-8

Tumor; *see also* **Carcinoma, cont'd.**
Papillary cystic neoplasm of the pancreas: Report of two cases of a surgically curable tumor (Komorn et al). 1986; **99**:110-3 (Brief clin. rep.)

U

Ulcer
Gastrectomy for recurrent ulcer after vagotomy: Five- to nineteen-year follow-up (Hoffmann et al). 1986; **99**:517-22
Ultrasonography; *see also* **Imaging**
Intraoperative ultrasonography in surgery for liver tumors (Gozzetti et al). 1986; **99**:523-30
Umbilical vein
Nonthrombogenic small-caliber human umbilical vein vascular prosthesis (Venkataramani et al). 1986; **99**:735-43
Urodynamics
Urodynamic investigation predicts bladder dysfunction at an early stage after abdominoperineal resection of the rectum for cancer (Aagaard et al). 1986; **99**:564-8
